### Guarantee

All roofing works in this quotation (with the exception of any felt roofing which may be included) are covered under government endorsed Trustmark Guarantee Scheme, arranged through the National Federation of Roofing Contractors. This means that for 10 years from completion, your new roof is covered by a three-way guarantee on materials, workmanship and solvency. This valuable safeguard provides an insurance backed guarantee that any repairs will be performed free of charge throughout the guarantee period. To make certain that this guarantee is honoured, regardless of future circumstances, every customer receives an insurance policy in his own name, direct from the insurers, so that even if we cease trading during the guarantee period, claims will still be met. The security of this insurance protection is an integral part of our failsafe roofing package, and we are confident that our combination of keen prices, professional standards and Trustmark Guarantee give the best value for money obtainable.

### Terms

The works will be carried out as soon as possible, but we can accept no responsibility for any delays, which may be caused by inclement weather, non-availability of materials, or other circumstances beyond our control.

We are fully insured against accidental damage to property or injury to persons. We do not however accept responsibility for any deterioration or damage to rainwater gutters and pipes which are already defective.

Furthermore, during the removal of roof covering, inevitably, dust will fall into the loft space beneath. Stored articles therein should be covered or removed prior to the commencement of works, as we cannot be held responsible for the soiling which occasionally can occur under such circumstances. We reserve the right to refuse to accept cancellation of an order where we have placed specific orders for materials or services required.

Terms of payment are 7 days nett from completion. should payment be withheld beyond this time, either all or in part, interest at the rate of 2% above the existing bank rate will be added to all amounts subsequently proved outstanding. All materials used during a contract, remain the property of T. Hope and Sons Ltd. untill full payment has been effected.
